Falls Campground

6072 N Highway 3 Louisa, KY

Saturday only - Enjoy a beautiful fall day at "The Falls of Blaine Creek". While this natural wonder is not tall in stature, it makes up for it in breadth and depth. At one point there was a lumber and grist mill located on what is now part of the campground. It was originally constructed in 1812. Imagine the logs rolling down the river to the saw mill or bringing your corn crop to be ground into cornmeal. Go back in time and see the remnants left behind by these hard working mills.
